

## Alaska Municipal League Summer 2009 Legislative Meeting

Welcome to  
**Palmer!**  
... Alaska at its best

From the majestic Pioneer and Twin Peaks in the Chugach Range to the Talkeetna Mountains, Palmer is framed in breathtaking beauty.

Come taste the hometown flavor of small-town Alaska. Walk, drive or just stop and enjoy the summer flowers in bloom in the historic downtown center.

The original Valley Colonists knew this fertile valley would produce a rich agricultural heritage. Today, Palmer is a garden hub for the state, and the unique microclimate produces amazing giant vegetables, found on display annually at the Alaska State Fair.

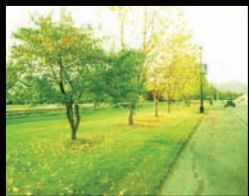

In the summer, play at our world-class 18-hole golf course, take a hike in the mountains, raft our rivers, and take a leisurely stroll in the gardens and Visitor Center museum, enjoy outdoor music, food, farm and craft vendors at the Friday Fling market and fair.

In the winter, enjoy the snowy slopes at nearby Hatcher Pass, try snow machining, snow-shoeing, dogsled mushing or cross country skiing.

Any time of year, you can eat at truly Alaskan gourmet restaurants, and shop at many unique and surprising retail stores.

We're glad you have come, and please visit again soon!
