## **CITY AND BOROUGH OF SITKA BUILDING INSPECTOR - \$23.42 to \$24.60/hr or DOE**

Conducts building inspections, plan reviews and other duties in support of the Building Department; performs related work as required. Principal function is to perform codes enforcement responsibilities and provide information to the public in construction/building matters. Work is performed under the direct supervision of the Building Official but considerable leeway is granted for the exercise of independent judgment and initiative. The principal duties of this class are performed in both a general work environment and various inspection work/construction sites throughout the City and Borough.
