

Systems Administrator

The City of Valdez is accepting online applications for a Systems Administrator in the Information Technology Department.

This is an exempt position performing technical duties as assigned by the Director of IT. This position participates in planning and implementing policies and procedures to ensure system provision and maintenance that is consistent with the goals of the City of Valdez, industry, best practices and regulatory requirements.

Successful applicant should hold a bachelor's degree from an accredited college with major coursework in a computer science related field and 4 years of increasingly responsible experience supporting critical business systems with appropriate technical certifications to complement their work history; OR an equivalent combination of education, certification and work experience. MCSA (Microsoft Certified Solutions Associate) required at time of hire with MCSE (Microsoft Certified Solutions Expert) preferred at time of hire and required within the first 12 months of employment and required to be maintained on current versions thereafter. Prior experience with local government information systems is desirable. Must have a high level of oral and written skills as well as strong interpersonal skills. Ability to receive an Alaska Driver's License within 30 days of employment is required. Position must be able to obtain and maintain CJIS certification and a TWIC. Position is subject to background check.

Rate of pay is \$80,837 - \$86,654 per year DOE/DOQ working a minimum of 40 hours per week. The City of Valdez offers an attractive benefits package that includes affordable health insurance, retirement plans, wellness program and PTO.

Position is open until filled, review of applicants begins December 17, 2018. Please visit <https://www.governmentjobs.com/careers/Valdez> to apply.
