

**Alaska Municipal League  
Resolution #2020-09**

**Supporting the effort to maximize local self-government, respect local control, and encourage the State to provide funding for the adoption of powers and incorporation, including borough formation where feasible.**

**WHEREAS**, Alaska's Article 10 on local government requires the State to provide for maximum local self-government (with a minimum of local government units and to prevent duplication of tax-levying jurisdictions); and

**WHEREAS**, the context within which this was written included examples from other states of multiple tax-levying entities with overlapping authority, from school districts to cities and utilities; and

**WHEREAS**, the State has kept its framework for local government fairly straightforward, with classes of cities and boroughs that have non-duplicative responsibilities; and

**WHEREAS**, there remain numerous communities that have not incorporated, including within the Unorganized Borough, which itself remains unincorporated; and

**WHEREAS**, AML has prioritized over its history a principle of local control, which should be understood as the belief that State government should not direct or restrict municipal decision-making; and

**WHEREAS**, local control is different than a community's interest in incorporating as a city or a region as a borough; and

**WHEREAS**, in fact, an unincorporated city or borough is ceding local control for State management, and depriving residents of maximum local self-government; and

**WHEREAS**, one role of the State may be to incentivize incorporation or organization of the city and borough, including to encourage and provide resources for the adoption of additional powers; and

**WHEREAS**, municipal governments in Alaska provide important services to residents, including public safety, education, public infrastructure, and quality of life programs; and

**WHEREAS**, during periods of fiscal uncertainty, active and healthy local governments can provide the backstop on loss of services and continue to maintain community and economic development.

**NOW, THEREFORE BE IT RESOLVED** that the Alaska Municipal League supports the effort to maximize local self-government, respect local control, and encourage the State to provide additional resources for the adoption of powers and incorporation, including borough formation where feasible.
