### CITY OF HOMER Special Projects Coordinator

This is an exciting time to work with the City of Homer! Homer is a full service city located at the end of the road system on the Kenai Peninsula. We are growing up as a city and have ambitious goals for the future. In March 2022 the Homer City Council completed a very productive visioning exercise which led to the identification of a series of impactful projects that will make a difference in how Homer grows into the next decade. In April of 2022, the Council approved funding for two Special Project Coordinator positions to work with the City Manager in pursuing these goals. If you're excited about local government, municipal modernization, and transformative change, this is a fantastic opportunity to join a team that feels the same way.

Experienced local government professionals are strongly favored. Alaska experience is preferred but not required. Individuals with municipal finance and city planning skills are highly desired. Someone with strong data visualization skills would be a very exciting prospect.

The positions are eligible for remote, hybrid, and in-person working arrangements. Full and part-time applicants considered. A 7% cost of living adjustment is scheduled for FY23 (begins July 1, 2022)
